!!! MEASUREMENT GUIDE !!!

SINCE THE INFINITY IS CUSTOM BUILT TO FIT YOUR BODY, IT IS ESSENTIAL THAT THE FOLLOWING EIGHT, KEY MEASUREMENTS BE PERFORMED AS ACCURATELY AS POSSIBLE TO ENSURE A PROPER FIT FOR BOTH SAFETY AND COMFORT. IT IS IMPOSSIBLE TO ACCURATELY MAKE THESE MEASUREMENTS BY YOURSELF, SO IT IS BEST TO LET AN EXPERIENCED GEAR OUTFITTER MAKE THESE MEASUREMENTS FOR YOU.

WHEN PERFORMING MEASUREMENTS, USE THE FOLLOWING GUIDELINES:

- Wear the outfit you would typically wear while skydiving.
- Do not wear shoes.
- Make all measurements twice to ensure accuracy.
- Keep the measuring tape snug against the body.
- Empty bulky items from pockets.
- Stand up straight while measurements are taken, arms down.
- The torso measurement for a female should be made around the breast, not over it.
- Use the same reference point on the pelvis (hip bone) for the thigh and torso measurements.
- Measure to the nearest 1/2 inch.

WE HAVE PROVIDED SIMPLE DRAWINGS FOR YOU TO FOLLOW SHOULD YOU HAVE DIFFICULTY KNOWING EXACTLY WHERE AND HOW TO MEASURE.
